

Want to make an easy \$50, or more?

Today everyone has a computer. Unfortunately, many computers don't run right. They are slowed down by malware, unprotected from viruses, and full of junk which can make them unusable.

Like a car, computers need regular maintenance and a tune up now and then. Ability Computer Experts (ACE) offers affordable monthly maintenance that protects users from deadly viruses and keeps computers running at peak performance. We keep everything in sync from printers to monitors, cameras, peripherals and networks.

Ok, where does the \$50 come in? It's simple, for every computer you sell a maintenance contract for, you earn \$50 CASH!

Think about it. You have to work eight hours at minimum wage to take home \$50. Sell two contracts and you double that, maybe in less than an hour. Imagine if you signed up *10* computers, you'd make \$500. It's **EASY** and you would be helping your friends and family at the same time!

"Everyone knows someone with computer problems!" Your family, friends, and neighbors rely on their computers which too often are slow, virus-infested, and poor performers that frustrate their users and waste many hours of time. Ultimately work, school assignments, photos, and music are put at risk and sometimes lost. Worse, unprotected systems may lead to "IDENTITY THEFT" and bank and credit card fraud! Now is your chance to help your family, friends, and neighbors avoid these problems while making \$50 CASH for every computer you sign up.

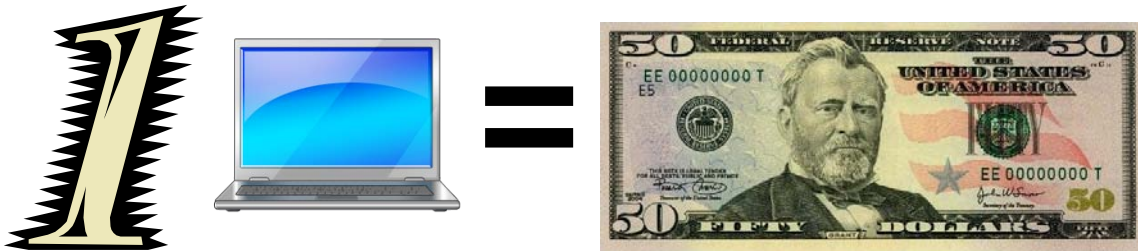

"How do I start?" It's simple. We provide you with a set of 10 maintenance contracts. For every contract, all you need to do is have the customer read, fill out, and sign the contract. Use one contract per customer, and sign up one or more computers. For example, Mr. Smith has 3 computers requiring maintenance. You make one contract for Mr. Smith and in the contract you list the total number of computers.

You will not be collecting any money from the customer. All you need to do is get the contract signed and that's it!

You will be given marketing materials to help you make your sales. Bring the contract back to us or send by mail to:

Ability Computer Experts
543 Country Club Drive
Suite B #428
Simi Valley, CA 93065

Be sure to include your name and phone number so we can pay you! You will get your \$50.00 as soon as the contract is activated. It's that simple.

ONE COMPUTER = \$50

Want to know more about Ability Computer Experts?

Ability Computer Experts, ACE, was started in early 2007 by Jared Edelson, a Microsoft Certified Professional. Jared is a junior at Santa Susana High technology magnet school. He is, exceptional at computer hardware, maintenance, and software applications. ACE has been helping friends, family, and businesses maintain their computers since 2007 and has many satisfied customers. References are available upon request.

Take a look at our website at www.abilitycomputerexperts.com. If you have any questions, comments, or suggestion contact Jared directly at JaredEdelson@Gmail.com, or via the ACE business line at 805-624-6473.

How to ensure you get PAID:

On each contract there will be a space for you to fill out your information so that we can mail your hard earned CASH to you.

More Information

So what happens when ACE gets the contract? First, we contact the customer to validate the information and arrange for payment. Once everything checks out and payment is received, we take it from there and you get your money! The customer will be contacted by one of our experienced technicians to setup the connection.
